(Please mark the appropriate response)

**Comment:**

This is how you take your measurements correctly:

For your guidance, we will briefly explain what length and width measurements are needed in order for us to manufacture your personal gown.

Guidance on how to take your measurements:

### 1. Personal height

### 2. Gown length

extend tape measure along back, measure from top edge of collar down to mid-calf.

### 3. Chest circumference

Measured under your arms

Women = on top of blouse or jacket

Men = on top of jacket

### 4. Chest width

From sleeve seam to sleeve seam

for women: additionally from neck to tip of bust

### 5. Back width

from sleeve seam to sleeve seam

### 6. Shoulder width

Measured from bottom collar seam down to sleeve seam

### 7. Outer sleeve length

Measure from shoulder seam down to the desired length, keep arm straight

### 8. Collar or neck size

### 9. Clothes size

How to measure ? - Please visit our online video for any question:
